HAMLIN, JONES COUNTY, TEXAS FRIDAY, FEBRUARY 14, 1941

NUMBER 16

## Hamlin Welcomes Jones Co. 4-H Clubs And F. F. A. Livestock Show Saturday

### \$300 In Prizes

### Big Street Parade Featuring Bands, Club Boys, Livestock

### VISIT HANDICRAFT SHOW ROOMS

The third annual Jones County Livestock Show is to be held at Hamlin, Texas, Saturday, February 15, 1941. The Chamber of Commerce of Hamlin, Stamford, and Anson are giving \$300.00 in prize money to the 4-H and F.F.A. boys of Jones County. Any body wishing to show livestock for publicity purposes is invited to do so, but they will not compete for prize money. The show is rotated each year. It will be held at Stamford next year, since it was at Anson last year.

E. R. Eudaly, Dairy Specialist of A. & M. College, College Station, and J. M. Bird, Soil Conservation Service, Stamford, Texas, will judge the show.

Forty-three classes of livestock are available to the Beef, Dairy, Swine, Sheep and Poultry members. The business men of Hamlin are honoring the 4-H boys and local leaders and F.F.A. boys with a Chuck Wagon Dinner. Tickets will be given to the boys by their local leaders as they form a line for the parade.

The parade will be led by Anson, Stamford and Hamlin bands. Each club will carry a banner showing where they are from. The clubs will meet at the Pioneer Gin, located one-half block west of the Santa Fe Depot by 8:30 o'clock to begin forming for the parade.

The clubs will march in the following order: Anson Sr., Anson Jr., Avoca, Boyd Chapel, Dovie, Hanna, Hawley, Midway, Neinda, New Light Noodle-Horn, Nugent, Pleasant Hill, Stamford, Truby, Tuxedo, Union, Wilson, and Wise Chapel.

The Beef Calves and Fat Hogs are to be weighed in at the Pioneer Gin. Weighing will start at 6:30 and must be finished by 8:50.

Animals that it is not necessary to weigh and which will not be in the parade, will be unloaded at the old Home Lumber Yard, back of Day Hardware. The Superintendent of each division will show you where to unload and take your entry.

The Superintendents are: Beef Calves, Joe L. Culbertson and Fed H. Britton; Breeding Herefords and Group of Three, John D. Ferguson and Kurt Schoemann; Jersey Division, Tom Teague and Elmer Feagan; Fat Hogs, Arthur Albritton and Robert Johnson; Breeding Hogs, Roy Gilbreath and Herman McBride; Sheep, John Ed Day and Bob Barrow; Poultry, Ivy Witt, Curtis Martin and H. W. Carter.

Judging will start promptly at 10 o'clock in this order: Beef Cattle, Jerseys, Hogs, Sheep and Chickens.

A new feature of the Fat Stock Show this year is the exhibit that will be sponsored by the Jones Co. Home Demonstration Council. All women are urged to bring as many as possible of the following exhibits: Bedspreads, Crocheted or Tufted; Quilts, Pieced or Appliqued; Pillow Slips; Rugs, Trays and other crafts, Cookies (6 of one kind will constitute an exhibit.)

The exhibits will be scored and the clubs or organizations receiving the most blue, red and white ribbons will be awarded the prizes. Exhibits may be turned in any time Friday afternoon at the Carmichael Ford Building in Hamlin.

Information is that the Texas Wesleyan College has offered a good deal to Alvin Johnson and W. A. Brown, two of Hamlin's star foot ball boys of the past season. The coach from the Fort Worth College came up some time ago to look the boys over.

### Exhibit To Be Held All Day Saturday

Preparations are being completed for the Handiwork Exhibit which will be held Saturday, February 15, in the Carmichael Ford building. The exhibit, under the direction of Miss Gladys Martin, Home Demonstration Agent, will show some of the work being accomplished by Jones County women and girls in their club work.

The display will include Bedspreads, tufted or crocheted; Quilts, pieced or appliqued; Pillow Slips; Trays and other Crafts; Rugs and Cookies.

The 4-H Club girls will exhibit luncheon cloths and ribbons and individual prizes will be offered.

Two interesting demonstrations will be given Saturday afternoon; one on making wooden trays from plywood, rope, etc. Another on making Feather Comforts; these will both be interesting and instructive.

Everyone is cordially invited to attend this exhibit.

### Supt. Bennett Proud of Warm Food for The Elementary Children

Thanks to the Elementary school Parent-Teacher Association, the needy children in our school will continue to receive milk with their lunches.

A group of enterprising parents took it upon themselves to place milk bottles over town and are asking the public to drop in their odd pennies or other coins. The money thus received will help to furnish milk for the school lunches.

We know that good lunches help to promote regular attendance, improves the health of our underprivileged and stimulates better study and grades.

Two cents will buy some needy child a glass of milk. During last week end eight dollars and sixty-four cents was contributed through these bottles.

On behalf of the elementary kitchen, the needy children and all concerned, I wish to thank the elementary P.-T. A. for their help and the merchants for permitting these bottles to be placed in their establishments.

An average of ninety children daily are being fed in our lunchroom. Seventy-five per cent of these are under privileged.

G. R. Bennett, Supt.

S. A. Johnson, who is with the Humble Pipe Line Co., is being transferred to a station near Miles, Texas. Mr. Johnson has been with the Humble station west of Hamlin for seven years.

### NOTICE FOR BIDS

The City Council of the City of Hamlin, Texas, will receive sealed bids at its next regular meeting, February 18, 1941, for the custody of all City funds for the current fiscal year. All bids must be in the office of the City Secretary, not later than 6:00 P. M. February 18, 1941. The Council reserves the right to reject any or all bids.

J. B. Akin, City Secretary

## Poultry Blends With Balanced Cotton Farming In Jones Co.

### Need For More Farm Flocks for Food and Year-Round Cash

(Editor's Note: This is one of a series of articles, "Blending Livestock with Cotton," published as a service to farmers and stockmen.)

That development of small, efficient farm poultry flocks of 150 to 200 hens will aid in developing a more uniform agricultural income was a recent statement by A. H. Demke, executive secretary of the Texas Baby Chick Association. Proper selection of breeding stock, pullorum testing, grading of hatching eggs, and disease and insect control were cited by Mr. Demke as important factors in developing these flocks.

This statement calls attention to the importance of poultry in the South's program of blending livestock with cotton. Providing family food, year-round income and productive employment throughout the year, poultry raising offers many opportunities on cotton farms, where home-grown cottonseed meal has proved to be a dependable source of protein for growing chicks and pullets. Throughout Southern States Federal Census reports show that many cotton farmers have overlooked these opportunities through failure to raise poultry for home use and sale.

Experience of practical poultry raisers has proved that the following all-mash chick starter gives good results and utilizes readily-available home grown feeds: 44 1-2 pounds of yellow corn meal or sorghum grain meal, 20 pounds of wheat gray shorts or rice polishings, 10 pounds of finely-ground oats, 5 pounds of alfalfa leaf meal, 6 lbs of meat scraps or fish meal, 6 lbs of cottonseed meal, 6 pounds of dried milk, 1 1-2 pounds of ground limestone, 1 pound of salt, and 1-8 pound of cod liver oil.

Equally-efficient results are secured from the following home-mixed growing mash: 40 pounds of yellow corn meal or sorghum grain

meal, 16 pounds of wheat gray shorts or rice polishings, 8 pounds of wheat bran or rice bran, 10 lbs of finely ground oats, 5 pounds of alfalfa leaf meal, 3 pounds of meat scraps or fish meal, 10 pounds of cottonseed meal, 4 pounds of dried milk, 2 pounds of ground limestone, 1 1-2 pounds of bone meal, and 1-2 pound of salt.

Feeding of all-mash chick starter should begin when chicks are 24 hours old, continuing 6 to 10 weeks. A satisfactory scratch grain, placed in feeders after chicks are a month old, consists of a mixture of equal parts yellow corn chops, cracked wheat and sorghum grain chops.

Experienced poultrymen recommend that pullets and cockrels be separated early. A good plan is to place pullets on range that furnishes green feed. The growing mash and scratch grain, oyster shell and grit, and fresh water should always be available.

### Chamber of Commerce Installs New Directors

The Directors of the Hamlin Chamber of Commerce met in a called meeting at a breakfast on Tuesday morning, February 4th, at the Model Hotel. The outgoing president of this organization, Eddie Jay, administered the Chamber of Commerce oath to the new directors. The Directors elected the following as officers:

Ivy Witt, president, R. Y. Barrow, vice-president, Miss Dorothy Gardner, secretary. Those present for this meeting were: Eddie Jay, Frank Waggoner, James Dunlap, J. B. Terrell, Joe Culbertson, J. E. Moody, Ivy Witt, Bob Barrow, Roy Gilbreath, Robert H. Campbell, Jno. C. Turner, and Dorothy Gardner.

Mr. and Mrs. P. H. Sparks were in Fort Worth last Thursday and Friday attending the Southwestern Auto Parts and Equipment Exhibit. Perry was casting his eye around for some new equipment to add to his line of "FIRSTS".

## Stock Raising and Feeding In Jones County Producing Values Other Than Dollars

On September 14, 1940, Mr. H. H. Dunklin of Avoca purchased 297 head of feeder lambs, averaging 58 pounds for 6 1-2 cents per pound. The lambs were grazed on crop refuse until October 4, at which time they were put on dry lot feed. The lambs had lost in weight due to the fact that it was one mile from the grazing to water. On October 4, when they were put in the feed lot they were started on a ration consisting of threshed maize, cotton seed cake, oyster shell flour and ground roughage. They were put on feed slowly and it was 50 days before the lambs were taking anything like a full feed which was 1-3 pound of cotton seed cake and 2-3 pound of grain per lamb per day. The grain by this time had been changed to ground maize heads. The grain and cake was put out twice a day. One half in the morning and one half in the afternoon at as near the same time of day as possible. The remainder of the day roughage was available. Water and salt were free choice at all times.

The lambs were drenched for stomach worms at the beginning of the feeding period.

After 107 days of feeding a field day was held at Mr. Dunklin's feed lot. Those appearing on the program were Mr. W. R. Nesbit, Sheep Specialist from A. & M. College; Mr.

Clint Shirley, Shirley Commission Company, Fort Worth; Mr. Tom Putnap, Local Barber and experienced sheep feeder of Lueders; Mr. Hiran Olsen, farmer and lamb feeder of Lueders; Mr. Ed Gist, stock farmer and experienced silage feeder of Hamby Community; Mr. Bill Glazner, breeder and feeder of Anson; Mrs. Robert Manly of Willow Creek, who talked on preparation of lamb, and Mr. H. H. Dunklin of Avoca related his experience with the feeding of the lambs. Incidentally this was Mr. Dunklin's first flock to feed. Briefly the results were: the lambs were on feed 107 days, had received around 100 pounds of concentrates each. The total feed cost per lamb plus drenching and other small incidentals was \$1.60. The lambs were bought for 6 1-2 cents per pound.

Mr. Shirley marked up 50 per cent of the flock as ready for market. However, Mr. Dunklin could only get 125 in the truck. These brought 9 1-2 cents per pound, and weighed an average of 82 pounds.

After all expenses were paid Mr. Dunklin made a profit of \$1.80 per lamb figuring the present price of feed or better than \$2.00 each, figuring the price of the feed at the time of market.

Mr. Dunklin has 165 which he will market in the near future.

### Jury Room Needs Beds and Bath Facilities

### Jail Condition Bad—Sanitarily Terrible

### What Do You Know About The Grammar School Lunch Room?

SPONSORED BY WPA

Excepting the good women of the Elementary P.-T. A., perhaps there are not a dozen citizens of Hamlin who have any idea that there is a Lunch Room project in the Grammar School building.

Tuesday the Herald office was visited by one of the leading ladies of the Elementary P.-T. A., and even "an editor" found out a lot of things going on right here in our fair little city.

Among the many interesting things we now know is that on Tuesday there had been sold or given about 90 tickets to children for their noon day lunch. We say "sold or given." The WPA project assumes that there are some children in almost every community whose parents can not, or do not or will not provide proper nourishment for their children who maybe walk a considerable distance to school. This has been determined for a fact. So to do something humanitarian, the WPA in co-operation with some community organization, has set up "School Lunch Rooms."

From various sources it is determined who is unable to give a child a wholesome warm lunch at school. Such children get their lunch ticket along with all those who are able, same color and at the same counter, early each morning so that there will be prepared just as many lunches as there are children wanting to eat. The cost of a balanced lunch is just 10c, out of which comes enough profit to help finance those who can not pay. There is no embarrassment on any child. Each day the ones who eat are recorded and those who are listed unable are not allowed to pay. Care is taken to not give where ability to pay is at hand.

### ECONOMY LUNCH FOR ALL--

After parents become acquainted with the plan, they find it less trouble and less cost to give the child a dime for his lunch. Besides it saves a long maybe cold or damp walk home at noon and gives the child a warm meal. Each meal, fresh milk is served, too. A glass of milk for a child costs just 2c. Let's look at the MENU THIS WEEK:

MONDAY—Scrambled eggs, and broiled bacon, creamed English peas, plain muffins with raisins, baked apples and milk . . . all for a dime.

TUESDAY—Boiled pinto beans, with tomatoes and onions, cubed browned potatoes, cornbread muffins, cinnamon rolls and milk . . . all for a dime.

WEDNESDAY—Baked ham, spiced red apples, creamed potatoes, whole wheat muffins with raisins, peanut butter cookies and milk . . . only 10c.

THURSDAY—Macaroni with peanut butter, fruit salad, boiled pinto beans, rice muffins, peach up-side-down cake or prune cake and milk, all for the usual 10c.

FRIDAY—Creamed potatoes with minced ham, spinach, sliced pickles, cracked wheat muffins, fresh apple and milk . . . 10c to those who can and free to those who can't pay.

NOW, maybe somebody will complain that this is not enough. Maybe somebody will say it is not prepared right and maybe not clean. The best way to answer such foolish suspicious is to visit and see. Some of the best talent and nicest people in Hamlin are sponsoring this human project. Careful check has been made on those children who have been properly fed. They have gained weight, color, energy, and independence and make far better grades and the discipline problem is far less . . . the little stomach is at ease, and so is the mind and the body.

Before this article is closed, the

Anson, Texas  
Feb. 11, 1941

Hon. Owen Thomas,  
District Judge  
Anson, Texas.  
Dear Judge Thomas:

Your Grand Jury has been in session four days during the present term of Court and wish to make this, our final report.

We have examined 93 witnesses and have returned 14 Bills of Indictment.

We have inspected the District Court Room, the Jury Room and County Jail. We found the District Court room to be in a bad state of repairs, even to the point of being dangerous to officials and others in case more of the plaster should fall.

We found the Jury Room to be badly in need of new beds and bath room facilities and urge that this matter be corrected as soon as possible.

We also inspected the County Jail and found conditions to be very bad and repairs badly needed. The facilities are inadequate to take care of the number of prisoners impounded there. The sanitary conditions are terrible and the plumbing has deteriorated to a point where it is impractical to make repairs.

In connection with the above inspections, we have had a Conference with the County Commissioners Court and they recognize the conditions as pointed out and have advised us they are now considering a County Bond issue for the erection of a new jail and to make needed repairs to the Court House. The Grand Jury heartily endorses this proposed bond issue.

We wish to urge that the Merchants co-operate with the County Attorney in the enforcement of the Hot Check Law of this State by turning over such checks to the County Attorney immediately after receiving such checks. We feel that the merchants should do this if such law violations are to be curbed.

We wish to state that in our opinion, the Law Enforcement officers are able and conscientious in the performance of their duties.

We also recommend that a copy of the report be furnished to all newspapers in Jones County.

Respectfully submitted,  
W. C. Russell, Foreman  
W. G. Swenson, Secretary  
J. F. Walker, E. D. C. Appling,  
M. E. Hudson, Wayne Hendrick, Ed Bailey, C. J. Bates, Y. G. Bartlett,  
L. E. Clyburn,

Members of the Grand Jury

Grandma tried to feed him grass; his children wanted to run away; because he's a "Problem Father." — Junior play, 15 and 25c, Feb. 21st.

Miss Louise Reynolds, an operator for the Southwestern Bell Telephone Co., has been transferred from the Hamlin office to the Austin office. She left last week to assume her work there, and Miss Johnny Pearl Harmon, who has been working in the Midland office, came to fill the vacancy in the Hamlin office.

Herald is requested to say that about over town are milk bottles into which contributions can be made to help pay for the milk to be used. We guess any contribution like fresh eggs would be welcome, too. Drop in a nickle or a dime, or something. It will help a little stomach.

### DISCARDED BOOKS NEEDED

Also the Elementary P.-T. A. is sponsoring a "Book Drive". If you have books your children have outgrown, please get them ready. A committee will call for them on Tuesday afternoon of February 18. Such books will be placed in the Library at the Grammar School, recorded and classified. Remember, "The child who reads is the child who leads." Unless a reading habit is developed early in life, it is never developed. Do not hesitate if the book you can give is worn—it can be repaired.

### TWO FINE FORMER CHAMPIONS

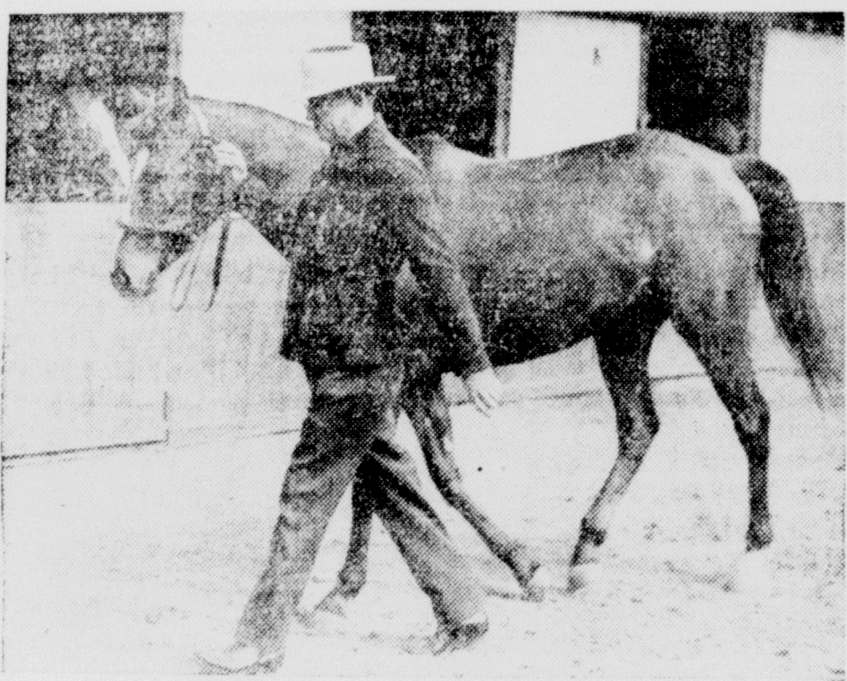

Two of the nation's greatest milking shorthorns.

Top is Kinksdale Pride, former grand champion of the International Livestock Exposition at Chicago, and the United States All-American bull.

Bottom is Duallyn Juniper, All-American 3 year old and the former grand champion at the National Dairy Show. She has a record of 10,004 pounds of milk, and 437 lbs of butter fat as a two year old.

### TEXAS PRODUCES THOROUGHBREDS

Perhaps a future Kentucky Derby winner is included among the frisky colts shown in the lower photo; Texas-bred, they are owned by Judge Alfred McKnight of Fort Worth, who is shown in the upper picture exercising 3-year old Pembroke. McKnight is secretary of the Thoroughbred Horse Association of

Texas and members are hopeful that the present Legislature will legalize racing, which offers \$22,500,000 a year of new tax revenue, of which \$1,500,000 would go to old age pensions under the bill introduced by Representative Bell of Cuero and other members of the legislature.

## GRASSROOTS

by  
**WRIGHT A. PATTERSON**

(Released by Western Newspaper Union.)

**BACK IN 1876, U. S. MONEY ALSO WENT SOUTH-AMERICAN**

THE UNITED STATES government, through the Import and Export Bank, loaned the Brazilian government fifty million dollars. With a portion of that loan Brazil will pay two American firms, using American materials, for rehabilitating and electrifying a part of the railways of Brazil. In time the American government will get its money back through taxes paid by the contracting firms and those employed by them in this country, and in other ways. The system is all too complicated for us ordinary mortals to understand, but it is the process through which creditor nations, of which we are now the greatest, encourage foreign trade.

"None of the American money put into the attempt to build the first railroad in South America ever came back," explained J. P. Clark, believed to be the only man now living who participated in that ill-fated project.

To his cronies in the Adventurers' Club of Chicago, he is known as "Dad" Clark. The expedition, of which he was a member, left Philadelphia in 1876, bound for the headwaters of the Madeira river, to build a railroad around the falls and rapids along the border between Brazil and Bolivia. Of the 941 men in the expedition, 250 died as victims of jungle fever or the poisoned arrows of Bolivian head-hunting Indians. The project was bankrupt before the road was completed. Another American expedition finished the job in 1912, with American capital. It is a narrow gauge and its one train makes one round trip over its 225 miles of track each week.

Mason Warner, a Chicago advertising executive, made a trip over the line this past summer and brought back movies to show "Dad" Clark the railroad he helped build.

### 'STRAY CATS' TOO HAVE THEIR DAY

IN THE HOOVER-ROOSEVELT campaign of 1932, Gov. Henry Allen of Kansas headed the Republican publicity department. At the opening of the campaign he was quoted as saying, "the party would not seek, did not need or want, the support of the rural press."

Early in September of that year that statement was being discussed by a group of rural newspaper men in a Chicago hotel. Ollie Little of the Alma (Kan.) Record expressed the predicament in which rural Republican editors found themselves.

"Politically, we are a bunch of stray cats, with no place to hole in," said Little.

Two days later that statement and the reason for it was expressed to President Hoover. He took immediate steps to correct the situation by directing Everett Saunders, the national Republican chairman, to communicate with all rural newspapers and seek their support.

In the recent campaign, the Republicans created a rural press section, under the direction of Herman Roe, editor of the Northfield (Minn.) News. Serious consideration is now being given to making the rural press section a permanent feature of the Republican committee organization. The statement about "political stray cats" made by Ollie Little back in 1932 started the recognition of the rural press as a medium which molds public opinion in America.

### MORE PRODUCTION, NOT MORE COST

WHEELER McMILLEN, editor of Farm Journal, tells me that while running a weekly newspaper at Covington, Ind., he learned practical economics was the application of horse sense to a problem.

I am not an economist, but it looks to me that America is forcing inflation by attempting to force prices beyond their intrinsic value.

If we get two dollars instead of one, but must spend the two dollars to buy what we formerly bought with one, what have we gained?

It does not even take "horse sense" to realize it is much easier to increase outgo than to increase income.

American prosperity will be measured by production of things people want, more than by charging higher and still higher prices for the things produced.

Forcing prices beyond a point that represents intrinsic value creates a demand for more and cheaper money. More and cheaper money represents the first steps in inflation. Extreme inflation means individual and national bankruptcy.

That is a bit of Wheeler McMILLEN's "horse sense" economics.

### JOY OF JOURNALISM

HON. GUY U. HARDY is editor and publisher of the Canon City (Colo.) Daily Record. He was nominated for, and elected to congress in 1918. It was my privilege to be the first to advise him of his nomination by a Republican convention, a nomination he did not seek and did not want. He continued as an influential member of congress for 12 years. Now he finds more pleasure in running his small city daily than he found in Washington.

57 Years In Jones County

1941

### BAPTIST CHURCH

We begin our second year's work as pastor next Sunday. If I had the words, I would attempt to express to the community my deep gratitude for the many kindnesses shown me and my family during the past year. I have learned the true meaning of the slogan, "Friendly Hamlin," and hope I have contributed a little toward making that slogan mean just that.

It is our desire to start this new year off with a large attendance in Sunday School and Church. We are asking for 350. We had 309 last Sunday, and surely we should have 41 more this coming Sunday, if we will work hard. We are inviting as special guests all those who have united with the church during the past year. About 130 have come into our fellowship. Seventy-six of these have come for baptism. We are anxious for these to be present.

Let us remember our Training Union. The Juniors are getting organized with four sponsors and a leader, and they should really go places. The adults are doing pretty well, along with the Intermediates and Young People. Mrs. Dode Sanford has agreed to begin with the primaries, and we hope you will bring them.

We urge you to be in Church somewhere Sunday.

H. E. East, Pastor

### Jones County Baptist

Workers to Meet 18th

Jones County Baptists will meet in their monthly worker's conference with the First Baptist Church of Hamlin on Tuesday, February 18th. Rev. Chas. Powell, pastor at Rule, and Rev. Aubrey Short, pastor in Rochester, will bring the main addresses of the day. Rev. Henry Littleton, District Missionary and former pastor of the First Baptist Church, will also speak. The following program will be given:

10:00—Devotional Period, Fred Moreland.  
10:15—"The 100,000 Club . . . Should it be Stressed?" W. L. Boyd  
10:25—"The Associational Sunday School and Training Union;

Should they function?" W. L. Daniel.

10:35—"District Missions; Does this deserve Emphasis in 1941?"—L. A. Doyle.  
10:45—Sing-Song.

10:55—"Baptist Meetings—such as District Convention, etc., Should They be Attended?" P. D. O'Brien.

11:05—"Texas Baptist Program; Should we back the enlargement campaign?" J. H. Littleton.

11:25—Special music, Girls Octet, Hamlin.

11:30—Sermon, J. Aubrey Short, Rochester.

12:00—Lunch.

1:00—Board Meeting.

1:30—Song and Praise, J. H. Skiles.

1:40—"A Brotherhood in Every Church," Ira Clement.

1:50—Sermon, Rev. Chas. Powell, Rule.

2:30—Adjourn.

### Brotherhood To Meet

Dr. L. Q. Campbell, Dean of Hardin-Simmons University, has been invited as guest speaker for the Brotherhood of the Baptist church, meeting Monday night at 7:00. Dr. Campbell has been asked to bring the Boys' Quartet along to furnish special music.

This will be a covered dish meeting—we will have supper together. Travis Dean, President

### WHAT ARE WE GOING TO DO WITH DAD?

That's what Barbara is asking Ken, and Ken is asking Emily, and Emily is asking Grandma. So everybody asks and asks, until finally the children take the situation in hand—and the result is a hilarious 3-act comedy, rip roaring and rollicking from the very first line until the last curtain. The Junior class is presenting "Problem Father" on February 21 at the high school auditorium.

Barbara and Ken are normal Hi school children until rumors begin to get around about their "crackpot" father. People say he lives in trees, eats nuts like a squirrel and walks around on all-fours. This strange piece of creation is named Sheldon Tupper Wentworth and he keeps his family, especially the children, at its wit's end.

Sheldon really isn't such a bad person in spite of all his theories and ideas. All he really does is try to convince his family and friends that the natural posture of man is on his all-fours. Of course, he causes his children to leave home, and breaks up his wife's club meeting and almost drives the poor servant, Lulu, crazy trying to cure her of "honking" when she speaks.

Emily, Sheldon's wife, is tolerant with him, but Grandma Bywater tries to feed him grass as the cow she says he is would eat.

But you should see Sheldon grin when he does sell his book on the Natural Posture of Man, convert two of the biggest business men of California to his theory about walking on all-fours, and eventually is joined in the pet theory and position by his whole family.

All this can be seen at the Junior Play—"Problem Father"—at the High school auditorium, Feb. 21st.

### LIBRARY STAFF CATALOGUES BOOKS FOR ELEMENTARY SCHOOL

From present indications the elementary school will soon have a library classified according to the Dewey Decimal System. The books have been brought to the High school library where Mrs. Ina Tims and Mrs. Gladys Gruben are classifying and cataloguing them under the direction of Miss Bernice R. Whiteley, high school librarian.

Mrs. Gruben is the W. P. A. librarian who will be in charge of the library of the elementary school. Having the books classified and catalogued will enable her to serve the pupils more efficiently and will give the pupils an opportunity to use the library with more pleasure.

### IMPORTANT ANNOUNCEMENT

All citizens who have children's books that are no longer needed in their home are asked to donate them to the elementary school library. Good books are badly needed and will be greatly appreciated.

### BAND PRESENTS

#### ASSEMBLY PROGRAM

A patriotic assembly was held in the high school auditorium February 7. The procedure of the program was as follows:

A bugle call, "The Call To Colors," was played by Billy Joe Burton while the American and Texas flags were brought down the aisles to the stage. When the flags had been crossed in the center of the stage, the student body pledged allegiance to the flag. Then the band played the "Star Spangled Banner." After this event, Mr. Clyde Smith stated

that in every American school organization there should exist a creed by which every student should live. So for the first time, the student body, led by Mr. Clyde Smith, repeated the creed for Hamlin High School. The remainder of the program was in charge of the Band. The Band played several overtures and marches. Harold Fletcher announced the program and explained the meaning of each selection.

The student body appreciated the program very much and look forward to other programs in which we can pay tribute to our glorious flag of freedom and our country.

### HAMLIN HIGH SCHOOL CREED

I believe in Hamlin High School and in the principles of fairness and equality for which it stands. I believe that I should uphold the ideas of honesty, loyalty, and integrity—the desirable traditions of my school; and I pledge allegiance to all her activities leading to better citizenship.

### PIPERS BLAST NOODLE

The Pied Pipers uncorked new scoring threat in R. M. Petty and Don Coles as the Hamlin duo led the Piper aggregation to a lop-sided 35 to 14 score over Noodle. From the first whistle, it was nip-and-tuck for the silken lads from Pied Pipersville. Working the ball into close scoring range, the Pipers rang up point after point. Petty was the big gun of the sparkling offense with 12 points.

### ABILENE NUDGES PIPERS

With the chips stacked against them, those courageous boys from Hamlin High played their best ball game of the year against Abilene High. The youths from Abilene, who are rated number one in West Texas basketball, ran into plenty of competition when they opposed our Pipers. Although Hamlin was far behind at the half, the Pipers took the floor in the last stanza and showed the Taylor County fans some fancy basketball. Don Coles, Hamlin forward, was king of the polished hard wood, as he made the bell ring for a total of 18 points.

### WHO IS IT?

The man who walks around on all-fours, expounding the theory of the Natural Posture of Man?

The man who mixes up vegetable juices and wants his wife to serve them for tea?

The man who hires servants simply because they have a speech defect he can correct?

The man about whom the whole family is saying, "What are we going to do with Dad?"

It's the "Problem Father." — In the Junior play, Feb. 21st.

### PIPERS GO SNOOPING

Ask Lofton Brown what certain senior would make some man a good wife. Boys, she's had experience in sewing up trousers!

What dynamic forces cause Pig Ferguson, Glen Adkins, and Don Coles to wear their shirts backwards? Could it be they're the Falcon's new pledges?

What certain assistant coach has gone technical and pronounces test "Testy-Westy?"

Was Hope C. reading out of a book, or did she really men it when she said to Loy Fry, "I love you?"

Why does Bobbie Wilson insist on having hearts on her charm bracelet. Maybe she's found a new flame. Ummm! Could be!

Ask Beulah Rose what hard-headed volley ball player knocker

her elbow out of place? We hear the other fellow looks bad too.

Wrong-way Corrigan provided the girls of Hamlin and other cities with an excuse to have dates since Leap Year's over. The girls of Hamlin salute Corrigan and wish for more like him. Now they turn it back to the boys.

Ask two popular Falcons what happened in Waggoner's Drug Saturday night if you want to see two

red faces. Perhaps Tommy Hill or De Burton could supply the answer.

Craigolene Elmore votes for new seats in Hamlin High school after embarrassing Coach Hill and his history class by tearing a plug out of her dress.

Why is Courtney A. Magee complaining about people knowing what she does? Maybe she's allergic to haunted houses!

Ask Harold Fletcher why he just

lives to see "little" rabbits when a girl's driving.

### HOMEMAKERS MEET

The first section of the Homemaking Club met Monday, February 10. The program was given on Living Room Improvements. Marie Gregory and Alice Adams gave talks on "Remodeling Old Living Rooms." Each person brought a picture of a living room and discussed it.

### JUNIOR PIPERS DEFEAT

#### McCAULEY JUNIORS

Wednesday afternoon the Junior basketball team played the McCauley Juniors. Since it was played during school hours, a large part of the student body and faculty attended the game.

The Pipers made a fine showing and won with a score of 15 to 12.

The following boys played: Nolan

Haines, Joe Sam Gray, Paul Fowler, Leslie Cowan, Billy Jo Rich and Billy Jo Hudson.

### HAMLIN HIGH MAKES PLANS

#### FOR COUNTY MEET

From every indication Hamlin High school is making a great deal of progress as far as the Interscholastic League events are concerned. Jones County Meet is scheduled for March 21 and 22, and work on all the events is already well underway in the high school. Contestants from Hamlin will participate in practically every literary and athletic event in the meet.

Work began early this season on both debate and one-act play. Eleven students under the direction of Miss Blake began debating before Christmas. The club now has six members and a great deal of improvement has been evidenced. 3 one-act plays were coached earlier (Continued On Page Six)

## Congratulations

## 4-H CLUBS AND F.F.A. BOYS

We thank our customers for their patience with us and cooperation with the sales boys while our store was recently undergoing repairs and repainting and freshening up after our recent fire damages. We are back as good as ever now and the usual good things are at your call, always found in A CLOVER FARM STORE

## What DO YOU Think?

0-0-0-0

WE THINK—

That before a little town citizen spends his money for goods or services in some neighboring town, it would do his own enterprise or occupation more good if he would first see if the thing he desires can be had just as good at home. Most folks shy around home merchants, and others in the community whom they failed to patronize—look sheepish when caught up with, but some few blab out and display what they purchased in some out-of-town store or shop . . . wonder which attitude is the best?

?—?—?

DEMOCRACY—UP!

The cradle of English freedom and democracy is having its first real baptism of destruction, despair, and death . . . but democracy is still on the up and up. Because once again democracy is championed by the youngest and most powerful democratic country in all the world—America.

We believe the two great democracies—England and America, have already proved that democracy, as we know it, is superior in a thousand ways, as a governmental system to any other form of government—this easy going great land of ours where any decent man or woman can travel ten thousand miles from shore to shore and not be questioned as

IT IS

## Necessary

\* \*

Up to this time, the Herald has not urged its subscribers to renew their papers for 1941, owing to the fact that the past season has been one of the most responsive of all years we have had in Hamlin. Only a few, yet, have not renewed their Herald.

In recent months, too, the Herald has taken on more new subscribers than ever before in any one year in our 27 years in Hamlin. This now brings our subscription list to the highest number we have ever had this early in the year. The lowest subscription list is generally right after all expired subscriptions have been taken out.

Our policy is not to continue to send the Herald on and on, after the time paid for has expired. It is not business to do that way for it cheapens the paper and gives the impression that, "Ah, well, it will come on, why hurry and pay in a new dollar." But a community newspaper is a kind of neighbor to everyone in the community and often one will leave home fully intending to hand the Editor a \$ or \$\$, but he gets busy and is on his way back home before he thinks of it. So the "neighborly editor" knows that and he keeps the paper going as usual for some time.

There does come a time when "EXPIRED" subscriptions must be attended to. That is when some "neighbor" begins to miss his Herald. So it is NECESSARY to remember that a paper costs the publisher at least a little money and renewals should be fairly prompt. And they have for the Hamlin Herald.

Please keep a keen eye on the date opposite your names, and when "necessary" send in a new dollar; we mean just any kind of old dollar.

to who you are, where are you going or what are you going to do when you get there . . . glamor, parade, show and power can only control for a short while in any country. No, democracy is not down and out but it is being tried in the courts of all "isms" and it will win, for democracy is represented by the world's two greatest nations of all time . . . who is it who says that one or both of these empires will fall? Do you know some of the so-called important Americans who say that? If one says England will fall under the blows of Nazism, Fascism or Communism, he should also say the United States will go down with her. To publicly say that one believes England will fail is encouraging the dictators and their henchmen more than anything else. They naturally want to hear some so-called great American predict that the oldest cradle of freedom will be crushed in the conflict this summer.

?—?—?

LADDIE—

War and war scare and anxiety has not only touched the hearts of mothers, fathers and brothers and sisters, for their loved ones, but the story of "Laddie" just a dog without a voice, just an Airedale "pup" grown up, has perhaps touched as many hearts as any story that can be fancied in these days of soldier training.

Ten years ago Laddie was a baby dog, fondly the playmate of a little boy, Everett Scott in Kansas, who with Laddie grew to full manhood to face the call of life. Laddie saw his puppy days companion and dearest friend go away; Laddie could not understand; Laddie waited and watched; Laddie began to grieve; and Laddie lost his desire for food. Laddie's dog heart felt as much and more than human. To prove that American men have tender hearts, even for a mere dog, friends of Laddie importuned the Army Commander to permit Laddie to come join his master in life, as a special dispensation. Tender hearts of men and women wrapped poor old heart-broken Laddie in warm blankets and paid his way by plane to the camp of Everett Scott, at Fort Ord, Calif. Laddie's glassy eyes seemed to know his master, seemed to recognize his voice. Private Scott controlled his tears but not many of the soldiers about him could do so under such touching circumstances. To us the story of Laddie, is symbolic of the tender sympathies of American people.

?—?—?

## THE CONGRESSIONAL RECORD—

We have just been reading a portion of the Congressional Record of February 6, 1941. Of course in the House these days the main issue is whether or not the passage of the famous No. 1776 defense-aid bill should become a law. We found on pages 747-753 a speech or extended remarks by one of our own Texas congressmen, Mr. Kleberg, that should be read and studied by all Americans. The Record of Congress is more especially interesting and enlightening these days than usual. It is always replete with gems of thought and literature, and reveals many angles of facts and conditions that most of us fail to realize in any controversial matter. And the defense-aid bill came out with a big majority of the House and almost purely as a partisan vote. It would seem that anything the majority party wants is the wrong thing for the country as per the voice and vote of the minority. This is no time for partisan action. But all along during the present developing world disaster the two parties in America seem unable to keep from voting partisan in Congress.

## Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION**  
For Coughs, Chest Colds, Bronchitis

## IF I HAD A MILLION DOLLARS

First I would build Albany a hospital adequate to care for Albany's sick people—so they would have to wait for medical care until they were carried to some other town—and some other town's hospital. Fact of the business the base line of treatment is too far away—some thirty-five or forty miles. Then after the hospital, I'd build Bobby Nail a show house worth while so that his dramatic skill can be put on exhibition. Now, in the matter of a hospital for Albany, some old moss back will get up in the meeting and say it won't pay. Hospitals never pay—they are built to alleviate suffering and save life—there's where the pay comes in. Now, this writer hasn't got a million dollars, but there's a law on the statute books that any municipality can vote bonds to build one—just a few of benefits from having a hospital in your home town. It brings better surgeons, specialists and nurses—What do you say, Mr. Citizen? It's a proportion worth considering.

(From Dick McCarty's Col'mn in the Albany News.)

Herald readers should go back and re-read what "Uncle Dick" has said. Let us all remember that Dick McCarty is now away up in the 80's, and still Mr. McCarty is plugging away for his town, his little Albany. It seems that is the way Editors finish up their days of usefulness in this world. Plug, plug, away, to keep and hold the best things for the "Little Ole Home Town." Uncle Dick, you are just as right as it is possible for one to be. Albany needs a hospital, Hamlin needs a hospital, and every community needs something or some system whereby every practicing physician can get pay for his services. You know, Uncle Dick, there was a time when folks thought they ought to pay their doctor but with this age of new-fangled ideas, lots of folks do not think they should pay even for the babies they bring into the world.

### Clinic At University For Young Lawyers

Austin, Texas—Forty University of Texas senior law students will practice law this spring in the University's Legal Aid Clinic for Travis County indigents authorized by the University Regents with the approval of the Travis County Bar Association. The clinic which opened on Tuesday, February 4, in the basement of the Law Building, will handle all types of legal matters except divorce.

Among the students eligible to participate in the work of the clinic is W. F. Martin of Hamlin.

The bureau was established at the

request of Attorney General Gerald Mann who is not permitted by law to give legal advice to citizens but who has received numerous requests for legal aid.

James E. Harrell, the pastor of the Methodist Church, attended Ministers Week at Southern Methodist University last week in Dallas. More than 900 ministers were in attendance. Five lectures each day, including Thursday, were delivered by three world leaders of Methodism: John R. Mott, Roy L. Smith and Arthur W. Hewitt. Bro. Harrell reports this to be one of the greatest experiences of his life in inspiration and information.

The Herald anywhere, 1 yr. \$1.00.

Mr. and Mrs. Bowen Pope visited their daughter, Mrs. Richard Hinkle and family in Midland Saturday and Sunday. They were accompanied by their daughter, Mrs. George Kinney of Stamford.

Everyone is asking what to do with "Problem Father." Junior play 15 and 25c, Feb. 21st.

## Valentine Motif For Club Party

A Valentine motif was used in tallies and other appointments Tuesday afternoon when Mrs. Art Carmichael entertained the Blue Bird Bridge club in her home on Union Avenue. The same theme was also noted in the attractive plate served at the tea hour, which held strawberry short cake, coffee and salted nuts in tiny Valentine nut cups.

In bridge games, Mrs. Holly Toler won high score. Others playing were Mmes. Paul Fowler, Joe Culbertson, Ted Bledsoe, John Ed Day, Bill Eysen, Henry Albritton and the hostess.

## Vannie Bea Huling Celebrates Birthday

Mrs. Van Huling entertained a number of children Monday afternoon honoring her daughter, Vannie Bea, on her ninth birthday. Games were played after which cake and hot chocolate were served. Favors were large all-day suckers.

Those present were Betty June Taylor, Janet Bonner, Joan Johnson, Dorothy Gene Huling, Dorothy Helen McCray, Peggy Beth Barnes, Bobbie Jack White, Juanice Young, Wilma Lou Moore, Robbie Sparks, C. L. White, Mertis Marie Clemmer, Imogene Gibson, Melvin Scott, Dorothy Mae Brunson, Molene Parker, Freddie Jones, Little Joe Moser, and the honoree, Vannie Bea Huling.

## The Wesleyan Service Guild

The Wesleyan Service Guild met at the home of Mrs. J. F. Taylor on Monday evening, February 3, with Mrs. E. M. Wilson as hostess. Mrs. W. H. Gilbert gave a very interesting devotional on happiness. The president of the club appointed the following committees to serve during the year:

Spiritual Life Committee — Mrs. Mart Farrow, Chm., Miss Emma John Blake, Miss Edwina Gilbert.

Missionary Cultivation—Miss Lulan Vaughn, Chm., Mrs. O. W. James, Miss Valera Hudson, Miss Georgia Moore.

Christian Social Relations —Miss Bernice Whiteley, Chm., Miss Pearl Hudson, Mrs. Florence Cowan, Miss LaVerne Parker, Miss Dorothy Gardner.

Social and Recreational — Mrs. Sam Cade, Chm., Mrs. B. Hassen, Mrs. P. E. Mayhew.

The club voted to meet at the Methodist church at 7:30 o'clock on the first Monday of each month.

We wish to extend to all Business and Professional Women in Hamlin an invitation to join our organization.

## Mrs. Culbertson Hostess To Tuesday Club

Mrs. J. C. Culbertson entertained the Tuesday club in her home east of Hamlin, Tuesday afternoon, with two tables of bridge. High score was made by Miss Allie Whiteley.

Following the games a plate holding sandwiches, salads, cake and coffee was served to Mmes. J. W. Ezell, R. B. Wiar, W. J. Poe, J. T. Bynum, Jess Corey, and Misses Allie and Pearl Whiteley.

Because he walks on all-fours, the people of Bloomsdale call him a lunatic. He's really just a "Problem Father." Junior Play, 15 and 25c, February 21st.

## Vegetable Laxative With Proved Feature

The punctual, satisfying relief from constipation and its headaches, biliousness, bad breath, so often experienced by users of this laxative, is mainly due to its combination of purely vegetable ingredients.

BLACK-DRAUGHT'S principal ingredient has high medical recognition as an "intestinal tonic-laxative"; helps impart tone to lazy bowel muscles.

A little of this spicy, aromatic product by simple directions at bedtime, generally allows time for a good night's rest; acts gently and thoroughly next morning.

Next time, take time-tested, economical BLACK-DRAUGHT.

ENVELOPES—all kinds and sizes up to 12 X 15½ inches at The Herald

## Hamlin Garden Club Meets Sat. Morning

Members of the Hamlin Garden Club are requested to meet at the Coffee Shop of the Harden Hotel at 9:00 A. M. Saturday.

This is one of Hamlin's youngest clubs and as the garden and yard culture season progresses, Hamlin's yards and gardens should show great improvement.

## Y. W. A. Entertains With Valentine Supper

Valentine decorations were used in the reception room of the First Baptist church when a group of young women from the Stamford Baptist church were entertained with a buffet supper by the Hamlin Y. W. A.

Invocation was offered by Mrs. H. O. Cassle and Mrs. J. L. Keen gave the benediction. The program included Welcome by Mrs. Arlie Cassle; reading, Mary Margueritte Nobles; piano solo, Harold Fletcher; vocal solo, Dorothy Fern Routh; vocal duet, Bobbie Lawson and Reba Tollison and a piano solo by Judy Fuqua.

Games of bingo were played with valentines given as prizes.

Guests from Stamford were Mrs. A. J. Smith, Mrs. C. C. Cobey, Marie O'Brien, Bobbie Lawson, Jane Duke, Judy Fuqua, Reba Tollison, Lavon Williams and Dorothy Black.

Hamlin guests were Mmes. J. L. Keen, E. J. Whaley, H. O. Cassle, and Travis Dean; Margueritte Nobles and Harold Fletcher.

Hostess group included Virginia Sue Flowers, Julia Pitcock, Helen White, Geneva Huling, Bernice Shelton, Dorothy Fern Routh, Norma Stone, Elsie Michner, Helen Barnes, Floy Hudson, Mrs. Arlie Cassle and Mrs. Jack Russell.

## Boys Organize Club Known As "Falcons"

Wednesday, January 8, a Boys Club was organized at the High School auditorium, with Chunk McCurdy as sponsor. The club is to be known as The Falcons, and the purpose is to promote fellowship and friendly relations among the young men of Hamlin.

Present at the organization were R. A. Dean, Alvin Johnson, Bobby Barrow, Tommie Hill, Billy Joe Burton, De France Burton, Bill Harbert, Dub Wilemon, G. W. Turner, Jr., and Chunk McCurdy.

Officers elected were: Chairman, De France Burton, Vice-Chairman, Tommie Hill, Sec'y.-Treas., Billy Joe Burton, Pledge Captain, Alvin Johnson, Sponsor, Chunk McCurdy.

On January 23, the Falcons, after much discussion, voted in unanimously three pledges, S. C. (Pig) Ferguson, Don Coles and Glenn D. Adkins.

This club at any time is willing to co-operate to their fullest extent, with the business men, chamber of commerce or with anyone for a worthy cause, and will be more

than willing to aid in any way that can for the betterment of the community.

## Appreciation

To those who made it possible for the Falcons to have such a swell club room, we take this opportunity to express our appreciation to:

Grogan Turner, Chunk McCurdy, John Turner, Starr Inzer, "Uncle Jerry" Waggoner, Paul Bryan, Tom Teague, C. P. Yates, and Mrs. Gerald Morgan.

## THE FALCONS

SOME RADISH! BELIEVE IT  
OR NOT, SAYS J. S. BALLEW

It is mighty early to talk of garden products, but J. S. Ballew, the veteran Katy Agent in Hamlin, has the goods to show. Believe it or not, Mr. Ballew will have a part in the big Show Saturday. So don't fail to visit the "Believe It Or Not Show."

Mr. Ballew is a gardner and might become a member of the Garden Club. He is showing this week what Hamlin black dirt can do with a radish. He has grown one that weighed one and three-fourths pounds, 10 inches long and 12 inches around. It seemed firm and sound and "fittin'" to eat.

Mrs. J. E. Harrell visited Rev. Harrell's mother in Breckenridge, and his grandmother and relatives at South Bend in Young County last week.

## Farm Men and Women Take Notice

All farm men and women are urged to attend a Poultry School, conducted by Mr. George P. McCarty, Poultry Specialist of A. and M. College. One meeting will be held at Mr. and Mrs. F. W. Poe's farm, 2 1-2 miles east of Neinda in the Carlton community at 2 P. M. Monday, February 17th. Another meeting will be held in the Marrs community at 7:30 P. M. on the same date in the Church.

As you will note at the afternoon meeting, we will observe Mr. and Mrs. Poe's farm flock of Black Minorcas. Mrs. Poe is keeping a record on her flock.

This is the first of a series of Poultry Meetings as outlined in a poultry short course for this county to study the problems, care and management etc., of the farm flocks. This short course will be held quarterly so as to make it most practical in that different seasons of the year present different problems to the poultryman.

Your interest in this thing will determine its success. We believe that you should make a special effort to attend all meetings and take part in all discussions. In order that it will cover the things that will be most helpful to you, why not take time to list a few of the problems that you want discussed, so that these meetings may be more helpful in solving your problems.

GLADYS MARTIN,  
Home Demonstration Agent

## FROM HAWAII

U. S. S. Minneapolis  
January 30, 1941  
Pearl Harbor, Hawaii

Dear Mr. Pope:

I noticed James Steed's letter in the January 17 issue of the Herald and I thought I would let you know that it reaches me, also. It is like James said, "It is thoroughly welcomed," even if it does take from seven to fourteen days to get here. I received the Herald as a Christmas gift and I think it is one of the best gifts a fellow could receive when he is so far from home.

I have been in the Navy for nine months and have been in Naval Aviation for the last seven months. I spent four months at the Aviation Machinists' School, at San Diego, California, where I was taught a few of the tricks of aviation. While I was at the school I had the pleasure of spending a few weeks with Carl Andress, who was at the same place going to the Aviation Radio School, and is now in Puerto Rico.

From San Diego I was transferred to the U. S. S. Yorktown, an aircraft carrier and it immediately left for Hawaii. When the Yorktown reached Hawaii, I was transferred to the U. S. S. Minneapolis, also a carrier.

We have four planes aboard this ship and I have had the pleasure of being in one of them when it made a flight over several of these islands. One of the islands was Ma-

loakai, on which is a Lepers' Reservation. You have probably read of this reservation as it is known the world over. You don't know what pretty scenery is until you travel over these islands in a plane.

I, like James Steed, am proud of

the winning foot ball team that Coach Smith tutored to the Bi-District finals. I too wish that I could have been there for at least one game.

I have visited James Steed and several other Hamlin boys here in

Hawaii and they all seem to be living it here. Even though they are all looking forward to returning to Hamlin for a visit with old friends.

Sincerely yours,  
MAX CARLTON

(Continued From Page Three)

in the winter by Miss Whiteley, Miss Murphree, and Miss Willis. A cast to participate in County Meet was chosen by Jackson Lord, head of McMurry Speech department, from all the entries in the three plays. "The Valiant," is now under the direction of Miss Willis, who is finishing the production for entry into County Meet.

About twenty-two students work every day on declamation. Entries in the Juniors division are under Miss Murphree, and Miss Whiteley coaches the entries of the Senior division. From this group representatives of Hamlin High are to be chosen in try-outs sometime in March. Miss Murphree announces that she also has two entries in Extemporaneous Speaking.

Ready Writers are beginning to train with Miss Whiteley, and Miss Smyers has charge of Spelling. Mr. Grigg plans to choose a typing team to represent the school from his typing class.

Hamlin should make a good record in athletics as well as literary events. Almost forty students are entering track and field events with Mr. Grigg as coach. Twenty-four boys are playing basket ball under the supervision of Coach Smith, also so far the team has shown up well in all its bouts. A large number of boys are playing base ball and tennis. The girls share of athletics comes in playing volley ball, with Miss Martin and Miss Murphree as coaches.

The student body and faculty feel confident that Hamlin High will uphold its honor in County Meet just as it has done in all its contests so far this year.

## CHURCH OF CHRIST

If you should see a farmer sowing cockle-burs in his field, you would surely be surprised and curious about it. You would probably ask him why he was doing such a peculiar thing. You would be still more surprised and puzzled were that farmer to reply that he was sowing in hope of reaping a profitable harvest of wheat this fall. You would ask him how he could hope to reap a crop of wheat from his ground after he planted it with cockle-burs. He would say that he was not planting burs only, but that he was mixing in quite a number of wheat grains. This farmer might even tell you that he was basing his hope mainly on the fact that God is a God of love and mercy, and that God would make the harvest yield a good and satisfactory crop somehow.

This farmer might have another year in which to profit by his expensive lesson, but you and I have only one life to live. Gal. 6:7, "Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap."

You are welcome at the service of the Church of Christ.

Minister: Luther G. Savage

### "Build-Up" for Women Helps Avoid Distress

Do you suffer periodically from headaches, nervousness, irritability, cramp-like pain?

If so, here's good news! These may be symptoms of *functional dysmenorrhea* due to malnutrition, often helped by CARDUI.

CARDUI usually increases appetite and the flow of gastric juice; so aids digestion and helps build up strength, energy, physical resistance. Result for many is less periodic distress. Or you may find this also helps ease your periodic discomfort: Take CARDUI a few days before and during "the time." 50 years of use and popularity invite your confidence in CARDUI.

### ONE OUT OF FIVE AMERICANS GETS GOVERNMENT PAY

THERE WERE 27,794,620 people—Americans—as late as last November 1, receiving all or a part of their living—the cost of their food, shelter and clothing—from the United States government.

There is something radically wrong when such a condition can exist in this, the wealthiest nation in the world, a nation in which is concentrated 50 per cent of the purchasing power of the entire world.

More than one-fifth of all of the 131,000,000 Americans are either working for or being assisted by the federal government.

Of that vast number, that 27,794,620 people—Americans, 1,009,769 were in the armed forces of the United States on November 1. To these we are this year adding 1,400,000 more as conscripts for a defense army.

The federal government civilian payrolls on November 1 carried a total of 1,090,416 employees, of which the executive department accounted for 1,082,018, the legislative branch for 5,957 and the judicial for 2,441.

Pensions and unemployment insurance were being paid to 2,208,006 people, of which only 858,694 were military pensions.

There are in the United States approximately 6,500,000 farms and government checks went to 5,756,840 of these as payment for not raising certain crops.

On the relief rolls and including those receiving other forms of government assistance, were 7,418,580 cases, representing 16,052,000 individuals.

Other items bring the total up to that 27,794,620 individuals—Americans—whose cost of living is provided in whole or in part by the federal government.

To make it complete, to this vast total should be added the employees and the recipients of assistance from municipal, county and state governments. I have no knowledge as to what that number may be, but it would run into the millions, all of which is paid, or charged against, the self-supporting Americans.

Americans, as a people, are not heartless. We sympathize with, and are always willing to assist those who through either misfortune or inability are unable to provide for themselves, but we resent being imposed upon.

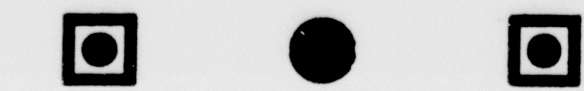

Today the self-supporting family of four is providing for six people.

Are we asking too much from the government? Are we contributing to the indolence of our fellow Americans? Are we sabotaging ourselves?

It is time to investigate. Time to ascertain definitely and honestly just who needs and who does not need assistance, how much of government we need, and how much is superfluous frills.

Our legislators will respond quickly to an aroused public opinion. Will we, as a proved self-supporting, charitable people, express that opinion?

Everyone is asking what to do with "Problem Father." Junior play 15 and 25c, Feb. 21st.

# Eastern Fisher County 4-H Clubs Doing Great Work

Faye Lee of the McCaulley senior 4-H club was selected as Gold Star Girl for Fisher County for 1941, having completed demonstrations in wardrobe, orchard, and frame garden.

"In clothing work, I learned the importance of good grooming, and have made myself practice good grooming habits by checking D-105, 'Good Looks For Girls,' daily, which was prepared for that purpose. I took an inventory of all the clothing I had on hand and stated the condition it was in, and then planned my clothing for the rest of the year. As I had made a clothes closet for myself two years ago, I remodeled the one belonging to the rest of the family by adding an iron rod, repapered the walls a light color and painted the woodwork; made 2 hat stands, shoe rack and tie rack; making the closet more attractive and convenient. I made 24 articles of clothing in club work this year.

"In orchard work, I set out and cared for 68 berry plants, 60 tomato plants, 25 pepper plants, and 50 hills each of watermelons and cantaloupes. I tried to fill the food preservation budget for my family by canning 22 pints of berries, 14 containers of pork, 35 containers of vegetables, 39 quarts of plums, 10 quarts of pears, 50 quarts peaches, and 40 containers of cucumber pickles. I prepared and served tomatoes and melons 40 times. The cellar is used as our pantry and it was repaired by building new steps. I arranged the canned products according to classes and labeled the containers. It is easy to find a jar of beans or berries now," said Faye.

Faye's frame garden is 5 feet wide and 28 feet long and is sub-irrigated by means of tile made from quart oil cans. Faye raised carrots, beets, lettuce, mustard, spinach, onions, etc., in the frame garden.

Faye has served as reporter for her club and is the president this year. She is also secretary of the

Fisher County Girls' 4-H Club Council.

"I plan to remodel my clothes closet soon," said Freda Jo Bartlett, wardrobe demonstrator for the McCaulley Junior 4-H Club. "First, I will repaper the walls with white paper; make a shoe rack and place on the floor of the closet so I can always find my shoes; make a hat stand; and rearrange my clothing in the closet," she continued.

Freda Jo will make a dress, slip, check D-105, "Good Looks For the Girls," daily; then an inventory of clothing on hand; plan clothing for rest of year; keep a record of expenditures and write a story of her club work at the end of the year.

"I have the seed to plant my frame garden," said LaVena Sue Maberry, orchard co-operator of the McCaulley Junior 4-H Club. "The frame garden is 5 feet wide and 24 feet long and is subirrigated by means of tin cans. It will not be too long before we will have fresh vegetables to eat out of our own garden," she continued.

LaVena Sue plans to help care for the berry plants of her parents; fill out a food preservation plan for her family; serve fruits in different ways; raise tomatoes and can fruits and vegetables this summer.

Velma Lu Boyd, who is wardrobe demonstrator for the McCaulley Senior 4-H Club will remodel her clothes closet. A new clothes rod will be added with a shelf above the rod running the entire length of the closet. The walls will be painted white, shelves added at one end of the closet for folded garments, and a shoe rack will be made and placed on the floor fo the closet. Velma Lu will make hat stands to be placed on one of the shelves to keep hats on.

"I have already made a skirt and blouse," stated Velma Lu. "I will make a dress, slip, take an inventory of clothing on hand, plan my cloth-

ing for the rest of the year, keep a record of clothing expenditures, and check "Good Looks For Girls" every day. I will make and equip a sewing box," she said.

Minnie Carol Smith, Assistant H. D. Agent

## METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 9:45 A. M.  
Morning Worship, 10:50.  
Intermediates, 6:45 P. M.  
Young People, 6:45 P. M.  
Evening Service, 7:30.  
Woman's Society of Christian Service, Monday afternoon at 3:00 o'clock.

Wednesday night prayer service, and Mission Study at 7:15.  
Choir practice, Wednesday night at 8:00.

The Pastor will preach at the morning service, and Dr. C. A. Bickley, District Supt., will preach at 7:30 Sunday evening, following which he will conduct the first quarterly conference.

Special music will be arranged and the great hymns of the church will be sung. Attend Sunday School and Church next Sunday!

We are delighted to have visitors in all our services.

The District Institute of Evangelism of the Abilene District was held at St. Paul's Methodist Church in Abilene on Tuesday of this week. Rev. and Mrs. J. E. Harrell and Mrs. Moore attended from Hamlin. The meeting was presided over by Dr. C. A. Bickley, District Superintendent, and was under the supervision of Dr. C. A. Long, Pastor of St. Paul's Church, and Director of Evangelism in this district. The principal speaker was Tom V. Ellzey, of Perryton, Conference Director of Evangelism. The program consisted of round table discussions lead by pastors in the District, singing the evangelistic hymns of the church, and prayers concluding with an altar consecration service. A covered dish lunch was served in the basement fo the church.

## Speaking of Cotton

Cotton is the overcoat of a seed that is planted and grown in the Southern states to keep the producers broke and the buyer crazy. The fiber varies in color and length and the man who can guess the nearest length of a fiber is cotton-yarn man by the public, a fool by the farmer and a poor business man by his creditors.

The price of cotton is fixed in New York, and goes down when you have bought, and up when you have sold. A buyer working for a

## ELECTRIC POWER FOR U. S. DEFENSE IS READY Now!

*The Electric Industry Has Prepared Without Tax Money Or Government Subsidies*

**Nation's Power Facilities Total More Than 40,000,000 Kilowatts... Greater than France, Germany and England Combined**

Present U. S. Capacity  
40,318,000 Kilowatts

EDISON, through his invention of the incandescent lamp, laid the ground work for an industry that today holds a key position in the nation's defense program. It is a credit to his successors that electric power today is plentiful both for national defense and for the purpose he intended:

"... to free the people from drudgery and create happiness and prosperity."

**FOURTEEN BILLION DOLLARS** for national defense—but not a dime of the taxpayers' money is required to prepare the electric industry to meet the emergency!

Present-day generating capacity of 40,000,000 kilowatts, with an increase to 45,000,000 by the end of 1942, is ample to supply a vital need in the defense program, in fact, 50 per cent above demand. It is greater than the combined total of Germany, England, and France, each of whom has less than 9,000,000 kilowatts.

**NO BOTTLENECK IN POWER INDUSTRY**

Today sees the power companies, made up of men and women who are your friends and neighbors working under a system of private initiative and enterprise, prepared for the tremendous job of energizing the country's wartime industries. There is no bottleneck in electric power.

Over 82,000 miles of high voltage transmission lines link the country's raw material production centers with every important concentration point. They are interconnected and organized in integrated systems for economic operation, guaranteeing not only industry but each individual community a dependable, continuous supply of electricity at low cost.

**NOW PAYING \$400,000,000 IN TAXES**

The electric utilities now are providing jobs for 275,000 persons, all of whom are highly trained and experienced to do their jobs expertly and efficiently.

They are paying \$400,000,000 a year in taxes.

An important feature of the nation's interconnected power systems is that they are **ALREADY** available, built and owned by men and women who invested their savings in sound business enterprise and who represent the American way of living which we now are preparing to defend.

**PREPARED IN ADVANCE FOR EMERGENCY**

Because the utilities built ahead of demands and have prepared for just such emergencies, every dollar of the fourteen billion defense fund is going for other necessities in the preparedness program such as aircraft, guns, ships, food, clothing, shelter, tanks, and for the training of men. The expenditure of this vast sum is required to maintain and guarantee the nation's freedom, the American way of living!

The usage of Electric Service has contributed more than any other single item to creation of what we call "the American way of living." It has brought light, household comforts and conveniences, to the average home in greater quantities than has ever been known in other countries.

Your Electric Servant is ready **NOW** to help defend that way of living.

**West Texas Utilities Company**

## POT SHOTS FROM McCAULLEY

BY GEO. DARDEN

Mr. and Mrs. L. E. Rector and little daughter made a trip to Fort Worth and Itasca last week. L. E. attended the automobile equipment show in Fort Worth, while Mrs. Rector and Patricia visited Mrs. Rector's sister and husband, Mr. and Mrs. Turner Beard in Itasca.

Mr. and Mrs. Buford Dean and daughter visited relatives in McCaulley and Abilene last week. Their home is in Childress.

Flora Lee Parker of McCaulley and Amuel Rector of Anson were married in Roby last week. Mrs. Rector is the daughter of Mr. and Mrs. Hub Parker of McCaulley.

Mr. and Mrs. Monroe Hopkins of Austin were visiting in the home of his mother in McCaulley over the week end.

Mrs. Vera Jayroe and son J. B. and Mr. and Mrs. Louis Earl Madson were in Abilene Sunday, and while there, they motored out to Camp Barkeley.

Rev. C. E. Dick formerly of McCaulley and now of Cotton Center, will fill the pulpit in the Baptist Church here next Sunday.

Mrs. John Frank Maberry is home from the hospital and is recovering at her home east of McCaulley.

Mrs. C. P. Yates has been quite ill for the past week, but is better.

Pauline Maberry has enrolled in Draughon's Business College in Abilene.

Buddy Boyd was home over the week end from John Tarleton College in Stephenville.

Tillman and Joy Henson and Billie Pickron made a trip to Lamesa last Sunday.

Camp Barkeley reminds you more of a bee hive or an ant hill, if you were trying to describe the activities that are going on inside of the camp. There are thousands of men doing most every kind of work. Men are manning most every kind of machine, including Euclids, Caterpillars, Drag Lines, Cranes, Rollers, Ditch Diggers, Post Hole Diggers, Farm Tractors, Trucks and Cars of every description. Buildings go up and are completed in a few hours.

Who said a democratic form of government couldn't get things done? Well, folks, it's being done in grand style down at Camp Barkeley.

We hear talk of the camp being doubled, however, no one knows until orders come from Washington and the War department. Frankly, we believe the camp will be built much larger, but still that's just our opinion. Men are at work at the camp from every state in the union and each of us who live in America should be grateful for a chance to work. When you drive into the camp and up to the Administration building, in front of the building is a sign which reads like this: "This is your country, your government, money, your job. Think it over."

O-O-O-O

Life is just what a fellow makes it. It's not always smooth sailing by any means and it seems every thing can't be on the up and up at the same time. However, when we have good health, a place to sleep and three squares a day, what's the use to kick? Above all we enjoy the blessedness of America where a fellow can do as he pleases so long as he is within the law, and we can vote for whom we please and without a Gestapo, or whatever they call 'em, that stands over a fellow with a drawn bayonet telling you how to vote. Italy is about to wake up to the fact that dictators won't get it, and those who think in terms of Hitler and Musso, and Joe Stalin will in the end meet their Waterloo.

A DARDEN-O-GRAM

## BOYD CHAPEL CHIRPS

(By Mrs. Albert Haught)

Rev. J. D. Vaughn filled the pulpit at the Baptist church Saturday night and Sunday.

Mr. and Mrs. J. P. Cornelius and Mr. and Mrs. O. C. Estes spent Sunday with Mr. and Mrs. Jo Allen.

Lois Allen returned home last week after staying in Arizona the past few months.

Mr. and Mrs. J. D. Rainey and son and Mrs. Finis Bartlett and girls spent Sunday with their mother, Mrs. L. F. Young.

Mr. and Mrs. O. C. Estes and Wylie Estes spent part of last week with Mr. and Mrs. Harry Burkett at Post.

Members of P.-T. A. met last Thursday night and were entertained by interesting pictures shown by the school's moving picture machine.

Singing was held last Wednesday night at the Baptist church. The next Wednesday night singing will be February 19, in the home of M. L. Haught. Everyone is invited.

The Willing Workers Club met with Mrs. V. R. Kelley Tuesday. A covered dish dinner was enjoyed and two quilts were quilted.

Rev. and Mrs. General Bristow spent last Thursday night with Mrs. G. W. Bristow and family.

Mr. and Mrs. Earl Brown and Duane visited her parents, Mr. and Mrs. King near Anson Saturday night. Mrs. King is ill.

Several from our community are busy this week making mattresses.

Mr. and Mrs. Lee Ward and family visited her parents, near Anson, Sunday night and enjoyed a wedding dinner for her brother and his wife.

Wilson Beasley, mechanic at Sparks Auto Supply, was in Fort Worth last week end familiarizing himself with the newest in equipment.

## POULTRY FACTS

(By L. W. Bramblett)  
Field Representative  
Hamlin Cotton Oil Mill

### EARLY HATCHED CHICKS

There are many advantages to be derived from raising early hatched chicks. Chicks hatched during the early months of the season are produced before the flock have done enough laying to lower the vitality of their offsprings. Most hens go through a winter pause or rest, so naturally the chicks hatched from the eggs laid by hens immediately after this rest will be from what might be termed reinvigorated hens. Early hatched chicks reach their growing stage at a time when there

is an abundance of green feeds in the spring. Lice, mites, fleas, blue bugs, etc., are considerably more numerous during warm or hot weather and present a super obstacle to the proper development of late hatched chicks. Hot weather also retards the development of late chicks to a very great extent. It is true that early hatched chicks will molt during the fall but the loss from lower egg production can be reduced to a minimum by proper management and feeding.

Mr. and Mrs. John C. Turner went to Camp Bowie in Brownwood Sunday to visit their son, J. C., Jr., who is a member of the Headquarters Company of the 111th Q. M. Regiment. They had no trouble in locating their son and found him doing well. However, they say he has lost about 15 pounds since leaving Hamlin. Last week J. C. was called by

the F. B. I. to take the examination in Dallas. He will not likely hear from his application for some weeks. Then if accepted he will be transferred from the army to take training perhaps in or near Washington City.
